RE: LSCS Fall 2008 HS Feeder Report by Campus

The attached report details the Spring 2008 graduates of LSCS area high schools that enrolled at the Lone Star College System in Fall 2008. The data are from Colleague as of Official Day. Graduation year and high school name are self reported by students. Fall 2008 dual credit students are not included in this report. Students are counted once at each campus they attend. The system total is the sum of each campus' total unduplicated student count.

Further reports will detail the percent of each high school's graduating class that enrolled at LSCS. The Texas Education Agency's **Academic Excellence Indicator System (AEIS) Reports for 2007-08**, that lists the number of graduates per high school, will not be available until late November 2008. ORIE will send updated reports when data are available.
